OVERNIGHT LOCK-INS

That's right...we said "overnight."

e-Kids offers something that takes the PNO concept to a whole new level—something that offers parents something many haven't had in a long...LONG time. And that's an entire night out. No need to rush back by 10 so the babysitter can drive home at a reasonable time. Stay out late if you want. Best of all, sleep in late if you want. Have fun, and rest assured that your child is safe and having a great time.

- 15 HOURS • OVERNIGHT •
